Professional Summary

AI & Data Science student with hands-on Python, ML, and data analysis experience. Proven ability to lead campus recruitment, coordinate large-scale events, and deliver high-quality work under pressure. Passionate about building industry-relevant, production-ready solutions and growing through emerging technologies.

Technical Skills

Languages & Libraries: Python, Machine Learning, Data Analysis

Visualization & BI: Power BI, Dashboard Creation

Web & Systems: React.js, Node.js, Express, JWT

Professional: Event Coordination, Campus Recruitment, Strategic Planning, Team Collaboration

Experience

Department Leader – AI & DS

Feb 2026 – Present

TPC Cell, ADCET Ashta

- Leading the AI & DS department in the Training & Placement Cell, overseeing student career development and industry engagement.
- Coordinated campus recruitment events, managed hiring pipelines, and liaised with hiring managers on staffing needs.
- Organised interview schedules, supported onboarding, and partnered with placement offices to connect qualified candidates.

Python Intern

Aug 2025 – Sep 2025

Prepgrad, Sangli

- Completed capstone projects demonstrating proficiency in core and advanced Python concepts.
- Developed educational content for learning modules, improving learner engagement and outcomes.

Projects

India Open Data MCP Server

2026

TypeScript, Node.js, MCP Protocol | npm: @harshsathe/india-opendata-mcp

- Built a production-ready MCP server targeting India's AgriTech market with live commodity prices, IMD weather, and government scheme APIs.
- Designed for real-world industry use — structured as a standout portfolio-grade open-source package.

Jewellery Shop Management System

2025

React.js, Node.js/Express, JWT, Excel Storage

- Full-stack inventory, billing, and customer management system with JWT auth and role-based access control.
- Co-authored an IEEE conference paper abstract on this system, submitted under ADCET AI & DS department.

Personal Finance AI Advisor

2025

Python, AI/ML Concepts

- Designed an AI-powered budgeting assistant offering personalised financial insights and decision-support features.

Education

ADCET, Ashta

Jul 2023 – Present

B.Tech in Artificial Intelligence and Data Science

- Power BI Certification — Simplilearn (data visualisation, dashboards, data-driven decision making).
- Department Leader — AI & DS, TPC Cell; attended METAMORPHOSIS 2K25 workshop, WLUG Sangli.

Extra-Curricular

- **Organised hackathon-cum-placement event with industry interaction and 100+ participants.**Codathon 2025 – Coordinator:
- **Managed end-to-end registrations and planning for institute-level events.**Discovery 2024 & 2025 – Coordinator:
- **Planned department-level activity scheduling and coordinated all logistics.**Neuroverse 2025 – Coordinator:
